+91 9356768401 | sakshibhume@gmail.com

Full-Stack Developer | MERN Stack

Full-stack developer with hands-on experience in the MERN stack. Focused on building highly responsive web apps and solving performance bottlenecks. Eager to join a dynamic team where I can contribute and grow.

EXPERIENCE

REACT JS INTERN

Digispect Technologies | Aurangabad

JAN 2025 – PRESENT

- Collaborate with the development team to design and implement dynamic, user-friendly web applications using **React.js**.
 - Build reusable components and front-end libraries for future use to ensure scalability.
-

PROJECTS

Inward-outward Management system

Monitor Inventory flow <https://mahilabalvikas.in/Inward-outward/index.php>

- MERN stack-based inventory system for Mahila Bal Vikas, enabling seamless tracking of stock inflow and outflow to enhance operational efficiency.
- Implemented role-based access controls to ensure data management and authorized user interactions within the platform.

Text Summarization

Condense essential information

https://github.com/Sakshibhume/TEXT_SUMMARIZATION

- Designed an NLP-based Text Summarization Tool using advanced transformer models i.e., BERT for extractive summarization.
- Integrated API functionality for seamless automation, enhancing usability for real-world scenarios.
- Achieved highly accurate and context-aware summaries, optimizing information processing for diverse applications.

Expenses-Budget Manager

Smart expenses Tracker https://github.com/Sakshibhume/EXpenses_budget-Manager

- The Expenses Budget Manager is a MERN stack application designed to help users track and manage their expenses and budgets efficiently.
-
